Rejuvenate Intensive Body Balm

Indulgent hydrating balm for the very driest of skins. A potent mix of seriously nourishing ingredients including Beta-Carotene, Vanillin and Concentrated Vitamin E.

What sets Rejuvenate Intensive Body Balm apart?

Rejuvenate Intensive Body Balm, enriched with pure Australian Macadamia Nut Oil, is the most hydrating Aesop Body Balm on offer. It is deeply and instantly hydrating, which is supported by the mild anti-bacterial properties of fine Sandalwood extract. It is particularly appropriate in colder months, when skin responds to its warm, skin-softening qualities and aromatic appeal.

Tangerine Oil – Cold-pressed oil. Possesses anti-microbial properties.

Vanillin – primary component of the extract of the vanilla bean. Possesses anti-microbial properties.

Available in 100mL tube or 500mL bottle.
