FLOW SLIM PADDED

Designed by Jean Marie Massaud

A family of seatings of great impact and comfort. Designed for the home, the office and the community areas. A wide range of bases and finishes are available.

Options: with a white or black polycarbonate shell, that can be completed with the classic upholstery, or with the new "XL padding".

Base options: 4-legged, sled, 4-legged steel, 4-legged LEM, 5-point-star height-adjustable on castors, 5 point-star fixed, central leg, VN 4-legged oak, 4-legged oak. Optional upholstered PAD.

SHELL

The shell, made from polycarbonate through injection moulding, is mass-pigmented in the colour options white or black and has a standard double finish: gloss outside, and microgoffered inside.

PADDED VERSION

Flow Chair and Flow Slim seatings can be completed with upholstery: a thermoformed padded countershell with a small pad made from quilted polyurethane and polyester wadding.

The version PADDED XL is available for the Flow Slim only. XL padding is the natural development of the classical padding, consisting of a new quilting partially covering backrest and armrest.

This gives a new look offering a great comfort. The padded versions can be upholstered in fabric or leather; removable upholstery.
