

Home Desk

George Nelson, 1958

vitra.

Home Desk

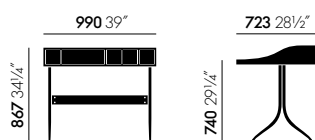

With its graceful, meticulously crafted base and characteristic colour accents, the Home Desk is one of George Nelson's design classics. High-quality materials emphasise the decorative appeal of this small desk, which was originally conceived as a writing table for the lady of the

house. Today the Home Desk is typically used as a compact work space.

Materials

- **Top surfaces:** high-pressure laminate in white, wooden side sections in walnut veneer.
- **Shelf dividers:** polystyrene.
- **Base:** swaged metal tubing, chrome-plated.
