

CAP CHAIR 2

Jasper Morrison

cappellini

Cap Chair 2 is a leather chair with sides/armrests fully covered and upholstered in leather. A truly tailored product and crafted in an understated design. This new version can be lower than the predecessor and can be composed around directional tables lower than the standard height, so it turns the classic meeting room into a meeting lounge.

Used materials

Structure:

1. Metal rod and tube, epoxy powder black lacquer
Cover fixed in full grain or pigmented hide, in colours: natural, black, dark brown with tone matching edge

Seat:

2. Structure in polyurethane foam with poplar plywood frame with elastic belts.
