

ARCS SHADE

PRODUCT FACT SHEET

ARCS SHADE

DESIGN BY MULLER VAN SEVEREN, 2021

Arcs Shades are part of a series of arched designs created for HAY by Belgian duo Muller Van Severen. Formed from a continuous chain of curved arches that form a single element, the Arcs Shade creates a spatial volume that plays with light and shape.

The shade can be used as a table lamp or pendant lamp suspended from the ceiling, both options forming contrasts in depth, colour and shape, resulting in an elegant scalloped silhouette. Crafted in steel, Arcs is available in several different colours or with a mirror surface.

HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection.
- A family of arched shades for table, pendant and wall lamps designed by Muller Van Severen.
- A modern steel shade with a scalloped silhouette.
- Creates an ambient up and down light within a space that doesn't disturb or create unnecessary glare.
- The cord sets for the lamps are sold separately and are available in two designs – a table variant with an in-line on/off rocker switch, and a pendant variant for ceiling lamps.
- Both cord sets come without a bulb.
- Suitable for both private and office environments.
- For indoor use only.

DIMENSIONS

WIDTH 20 CM
DEPTH 20 CM
HEIGHT 30 CM

MATERIALS

SHADE LAMP

Stamped and bent sheet metal steel with a high gloss wet-spray or mirror plated finish.

COUNTRY OF ORIGIN

China
