

PK58™

The PK58™ is a minimalist table inspired by the PK54™, though the table is somewhat taller and the choice of materials different. Despite these differences, the PK58 is still a study in contrasting materials and forms. Circle meets square and the pure quality creates a sculptural impression that makes the table the natural focal point in any room.

The table was introduced along with PK8™ in cooperation with Hanne Kjærholm.

PRODUCT DESCRIPTION

The white table top of PK58™ is moulded in polyester composite with added ATH (alumina trihydrate – a natural mineral filler). The base is made of anodised, satin brushed aluminium. The base is assembled using 16 black hexagon socket screws which combine the 16 parts into the cube that makes up the base.

The PK58 table differs from the PK54™ table by being 2 cm taller and by the 10 cm shorter diameter of the table top.

DESIGN

Poul Kjærholm, 1963 - put into production in 2007.

POUL KJÆRHOLM 1929-1980

Poul Kjærholm was a trained cabinet maker and continued his studies at the Danish School of Arts and Crafts in Copenhagen. He had a particular interest in different construction materials, especially steel, which he considered a natural material with the same artistic fineness as other natural materials.

Poul Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes. In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.
