## Corona Ottoman

By Poul M. Volther, 1964

<b>Model</b>	5002 -
<b>About</b>	The Corona Chair by Poul M. Volther is an experimental take on Danish design. Sculptural, eye-catching and original, the Corona is a lesson in geometry. A consequent design with elliptical-shaped, upholstered seat pads descending in size. It's an intriguing approach that challenges conventional seating, resulting in Corona's image as a design icon coveted the world over.
